For God and Country Aug 14 2022 "I am not afraid . . . I was born to do this." -St. Joan of Arc She is not the typical saint. Born and baptized in Domremy in 1412, Joan of Arc was thirteen when the Archangel Michael appeared and exhorted her to safeguard her virginity. Two more heavenly voices later spoke to this daughter of God and revealed the divine Will for her to unify and liberate France from the English invaders. With God's grace in her soul and in her soldiers, the seventeen year old Joan valiantly led battlefield operations to defeat the siege of Orleans and see the king anointed and crowned at Reims. Captured as a prisoner of war, Joan of Arc was sold to the English in Rouen, brutally mistreated, then unjustly condemned by a corrupt church court as a heretic, apostate, and witch. While being burned at the stake, she forgave her enemies and invoked the help of God and his saints. The Catholic Church, with the authority of the pope in Rome, nullified her previous conviction and canonized Joan of Arc as a Saint of God in 1920. In these pages you will discover the true character and accomplishments of Saint Joan of Arc, and be led to meditate on her profound legacy of virtue. You will be inspired by her heroic love of God and Country and will understand how prayer and the Church's sacramental life of grace gave her strength to overcome all obstacles in achieving her mission. You will be amazed at the enduring impact of this soldier saint and virgin martyr on the rebirth of the nation of France and on the renewal of the Catholic Church, even six centuries after her birth. "Joan of Arc's momentous appearance on the stage of medieval European and Church history is skillfully recounted by Father Michael Cerrone. A colorful and insightful narrative awaits and will reward the reader." -Cardinal Edwin O'Brien Grand Master of the Equestrian Order of the Holy Sepulchre of Jerusalem
God, Country, Notre Dame Jan 27 2021 I have traveled far and wide,

far beyond the simple parish I envisioned as a young man. My obligation of service has led me into diverse yet interrelated roles: college teacher, theologian, president of a great university, counselor to four popes and six presidents. Excuse the list, but once called to public service, I have held fourteen presidential appointments over the years, dealing with the social issues of our times, including civil rights, peaceful uses of atomic energy, campus unrest, amnesty for Vietnam offenders, Third World development, and immigration reform. But deep beneath it all, wherever I have been, whatever I have done, I have always and everywhere considered myself essentially a priest. —from the Preface

For God and Country (in that order) Nov 05 2021 The call to arms often thrusts devoted Christians into a dilemma: They want to be responsible citizens who obey the government and love their country. And yet they worship a God who loves all people, including enemies. Throughout history, Christians have responded in various ways—some renouncing violence and military participation, others seeking military service in a godly way. Both politically relevant and theologically provocative, this field manual seeks to recapture the hearts and minds of Christians trapped between conflicting loyalties to faith and citizenship. Filled with compelling stories and photos, Iraq war veteran Logan Mehl-Laituri creates an almanac of soldier saints and patriot pacifists from the front lines of church history.

God and Country Oct 12 2019 Will Prentiss grew up in a broken home, struggling for guidance as a teenager, he moved in with his mother who was part of an Christian group. But he was subjected to violent abuse until he fled in fear of his life. Searching for meaning, still seeking his grounding through faith, he eventually found himself at a mosque and decided to become a Muslim. He became a strong advocate of his new community, married a Muslim woman, and faced discrimination after the 9/11 terrorist attacks. But when Muslim friends begin planning to go abroad to carry out jihad, he started working with the FBI. Although he felt compromised and conflicted, he took pride in knowing that he was protecting his community and serving his country—but that did not assuage the guilt he felt in betraying his community. Focused on themes such as morality, justice, and what it means to be an American, this account offers insights into a religion that is deeply misunderstood while sharing the true story of someone weighing the balance between faith and patriotism.

God and Country Feb 20 2023 In this important exploration of one of the most misunderstood phenomena of our day, former fundamentalist Christian Monique El-Faizy argues that evangelicals have become the new establishment, constituting over 40% of our population by some estimates. The 2004 Presidential election opened the eyes of many so-called blue state Americans to the reach of evangelical Christianity, yet much of the media and Hollywood still fail to understand the

paradigm shift that has placed evangelicals in the American mainstream. With the intimate perspective of a former insider, God and Country takes readers past the edges of the evangelical community into its heart, presenting an in-depth look at megachurches, Christian rock, Christian publishing, and the day-to-day lives of evangelical Americans. El-Faizy shows how, by mimicking many elements of secular America and creating strong communities, evangelical leaders lure converts by the thousands. But while the public face of the movement has softened, the conservative old guard still drives the political agenda. Evangelicals see every aspect of their life through the prism of their faith; their belief is central to every decision, personal, social or political. To dismiss or miscast such an influential population would be a grave mistake. Intelligent, clear-headed and piercing, God and Country is essential reading for anyone interested in our nation's future.

George W. Bush on God and Country Mar 29 2021 This remarkable compilation gives readers portions of every address Bush has given in public life about faith in God, his commitment to life and freedom, patriotism, and his hope in the American people.

God and Country Nov 12 2019

One Nation Under God Oct 24 2020 The provocative and authoritative history of the origins of Christian America in the New Deal era We're often told that the United States is, was, and always has been a Christian nation. But in One Nation Under God, historian Kevin M. Kruse reveals that the belief that America is fundamentally and formally Christian originated in the 1930s. To fight the "slavery" of FDR's New Deal, businessmen enlisted religious activists in a campaign for "freedom under God" that culminated in the election of their ally Dwight Eisenhower in 1952. The new president revolutionized the role of religion in American politics. He inaugurated new traditions like the National Prayer Breakfast, as Congress added the phrase "under God" to the Pledge of Allegiance and made "In God We Trust" the country's first official motto. Church membership soon soared to an all-time high of 69 percent. Americans across the religious and political spectrum agreed that their country was "one nation under God." Provocative and authoritative, One Nation Under God reveals how an unholy alliance of money, religion, and politics created a false origin story that continues to define and divide American politics to this day.

God's Country, Uncle Sam's Land Mar 17 2020 While many studies of religion in the West have focused on the region's diversity, freedom, and individualism, Todd M. Kerstetter brings together the three most glaring exceptions to those rules to explore the boundaries of tolerance as enforced by society and the U.S. government. God's Country, Uncle Sam's Land analyzes Mormon history from the Utah Expedition and Mountain Meadows Massacre of 1857 through

subsequent decades of federal legislative and judicial actions aimed at ending polygamy and limiting church power. It also focuses on the Lakota Ghost Dancers and the Wounded Knee Massacre in South Dakota (1890), and the Branch Davidians in Waco, Texas (1993). In sharp contrast to the mythic image of the West as the "Land of the Free," these three tragic episodes reveal the West as a cultural battleground--in the words of one reporter, "a collision of guns, God, and government." Kerstetter asks important questions about what happens when groups with a deep trust in their differing inner truths meet, and he exposes the religious motivations behind government policies that worked to alter Mormonism and extinguish Native American beliefs.

[For Christ and Country](#) Dec 26 2020 Explores the religious world of the young urban Catholics who conspired to kill Mexican President Álvaro Obregón in 1928.

[For God and Country](#) Dec 06 2021 They say there are no atheists in foxholes. But the brutality of war can test the faith of even a U.S. Army Chaplain. The terrorist attacks of September 11, 2001 changed America as a nation, and changed millions of American lives. One of them was young seminary student Sean Rasmundsen. When his nation was attacked, he felt a new calling: to serve his country?and his God?in the armed forces as a chaplain. Eight years later, Sean is heading for his second tour of Iraq, where he?s stationed with the 69th Brigade Combat Team. They?ve been under fire from the enemy more often than not, they lost their beloved chaplain to an IED attack, and now Sean must find a way to help the troops keep their faith, even as he is undergoing a test of faith in himself, his country?and even the Almighty. But Sean knows in his heart there must be a God, just like he must believe there?s a heaven up there. Because it?s hell down here.

God's Country: The Trail to Happiness Sep 22 2020 Reproduction of the original: God's Country: The Trail to Happiness by James Oliver Curwood

[For God and Country](#) Mar 09 2022 Most Christians understand the importance of integrating faith with work, striving to be ambassadors for Christ wherever they go. But how many Christians are either in the military or employed by the government and feel as though they can't blend their beliefs with work? How many more are in a leadership position and find themselves having to choose when to serve Christ? Many Christians either don't know how to serve Christ in their position, or are simply too scared to. Throughout *For God and Country*, readers will come to know what it is like to serve Christ and lead simultaneously. In this book, we will discuss: What servant leadership looks like while serving our country The value in serving our country and in serving Christ The meaning of our work as servants and leaders The only sacrifice that brings life Faith and leadership no longer have to be separate. Join Mike Root as you seek to serve Christ and bring glory to His name in all you do.

[In the Name of God and Country](#) Jun 12 2022 With insight and originality, Michael Fellman argues that terrorism, in various forms, has been a constant and driving force in American history. In part, this

is due to the nature of American republicanism and Protestant Christianity, which he believes contain a core of moral absolutism and self-righteousness that perpetrators of terrorism use to justify their actions. Fellman also argues that there is an intrinsic relationship between terrorist acts by non-state groups and responses on the part of the state; unlike many observers, he believes that both the action and the reaction constitute terrorism. Fellman's compelling narrative focuses on five key episodes: John Brown's raid on Harpers Ferry; terrorism during the American Civil War, especially race warfare and guerrilla warfare; the organized "White Line" paramilitary destruction of Reconstruction in Mississippi; the Haymarket Affair and its aftermath; and the Philippine-American war of 1899-1902. In an epilogue, he applies this history to illuminate the Bush-Cheney administration's use of terrorism in the so-called war on terror. In *The Name of God and Country* demonstrates the centrality of terrorism in shaping America even to this day.

God's Country Jan 15 2020 Details the adventures in the old West of Marder, a coward and racist, and of Bubba, a Black tracker, as they try to find Marder's kidnapped wife

[God Country Vol. 1](#) May 31 2021 SOUTHERN BASTARDS meets American Gods in a high-stakes fantasy series that masterfully blends high-octane action and jaw-dropping worldbuilding. In *GOD COUNTRY*, readers meet Emmett Quinlan, an old widower rattled by dementia. Emmett isn't just a problem for his children[his violent outbursts are more than the local cops can handle. When a tornado levels his home[as well as the surrounding West Texas town][a restored Quinlan rises from the wreckage. An enchanted sword at the eye of the storm gives him more than a sound mind and body, however. He's now the only man who can face these otherworldly creatures the sword has drawn down to the Lone Star State[In *GOD COUNTRY*, salvation is a double-edged sword. ñSo much fun to watch creators find that next level. Go, Cates, go!ñ[BRIAN MICHAEL BENDIS Collects *GOD COUNTRY* #1-6

American Harvest Nov 24 2020 An epic story of the American wheat harvest, the politics of food, and the culture of the Great Plains For over one hundred years, the Mockett family has owned a seven-thousand-acre wheat farm in the panhandle of Nebraska, where Marie Mutsuki Mockett's father was raised. Mockett, who grew up in bohemian Carmel, California, with her father and her Japanese mother, knew little about farming when she inherited this land. Her father had all but forsworn it. In *American Harvest*, Mockett accompanies a group of evangelical Christian wheat harvesters through the heartland at the invitation of Eric Wolgemuth, the conservative farmer who has cut her family's fields for decades. As Mockett follows Wolgemuth's crew on the trail of ripening wheat from Texas to Idaho, they contemplate what Wolgemuth refers to as "the divide," inadvertently peeling back layers of the American story to expose its contradictions and unhealed wounds. She joins the crew in the fields, attends church, and struggles to adapt to the rhythms of rural life, all the while continually reminded of her own status as a person who signals "not white," but who people she encounters can't

quite categorize. *American Harvest* is an extraordinary evocation of the land and a thoughtful exploration of ingrained beliefs, from evangelical skepticism of evolution to cosmopolitan assumptions about food production and farming. With exquisite lyricism and humanity, this astonishing book attempts to reconcile competing versions of our national story.

For God and Country Dec 18 2022 Donald Trump—Defender of Religious Freedom In 2016, many Christian leaders at first opposed candidate Donald Trump. He was a former social liberal, and his occasional vulgarity, multiple marriages and divorces, and tabloid scandals made it impossible for him to defend Christian values in public life. Or so they thought. Trump nevertheless won four-fifths of the Evangelical vote in 2016, as well as the majority of the Catholic vote. And in 2020, the idea that he can't represent Christians is demonstrably false. He has been the most ardent and effective presidential defender of religious liberty and the pro-life cause since Ronald Reagan—and perhaps in U.S. history. In *For God and Country*, Dr. Ralph Reed draws on his deep knowledge of American history, his unsurpassed experience as a political strategist, his personal dealings with President Trump and the First Family, and his moral commitment as a Christian to show why Catholics and Evangelicals should continue to strongly support their unlikely champion. In *For God and Country*, Reed reveals: The sincerity of President Trump's defense of the Christian faith—and why he has delivered policy victories when other pro-Christian presidents haven't Why Trump is the most pro-Israel president in American history How liberals hope to demoralize Christians—and thus defeat Donald Trump and reverse his pro-life, pro-family, pro-religious freedom policies Why Never-Trump Christians naively preach de facto political surrender *For God and Country* is not just required reading for the 2020 election; it is required reading for every conservative Christian who loves America and wants to return it to Christian values.

[God and My Country](#) Jul 13 2022 MACKINLAY KANTOR Pulitzer Prize-winning author of *Andersonville* *GOD AND MY COUNTRY* A Novel By MacKinlay Kantor BASIS FOR THE MOVIE FOLLOW ME, BOYS MacKinlay Kantor, the master of the warm and human story, the writer who can make us believe the good in the worst of us, has woven a compelling, appealing novel about the life of a simple American man who held in his care the destinies of hundreds of boys. Here for the first time a major writer portrays the Scoutmaster in a small town in a role as vital as the greatest of schoolmasters, doctors, priests, or ministers. With rare insight and sympathy, MacKinlay Kantor has created the memorable Lem Siddons, who gave forty years of his wisdom, the fund of his laughter, the knowledgeable touch, the sweetness and love that were his, to generations of Boy Scouts. Not every boy who passed khaki-clothed along his life won the world's respect or the Scoutmaster's pride. There were some misfits, fallers-by-the-wayside . . . sure. But Lem Siddons knew his reward every waking moment of his life and in his dreams as well. His story is one you will remember as that of the closest of your friends: his love for the delicate and freckled Vida that grew with a lifetime, his son

Downey who wanted to crowd the years. All the good Kantor writing is here, the lucid and homespun prose that makes tears well in your eyes even as a song rises in your heart. MacKinlay Kantor has set the scene for *God and My Country* in a small town very much like Webster City, Iowa, where he was born, and has dedicated the book to his Scoutmaster of those days. It is a perfect example of MacKinlay Kantor's special genius for capturing the full flavor of a small American town, and of its people. "There's a Mr. Chips' quality to this deceptively simple story. MacKinlay Kantor has told quietly, in realistic terms, the story of one man whose influence permeate a whole Iowa town and rural area. No drum heating for the American vision here, but true democracy emerges in boys at every social and human level. A microcosm of America that strengthens one's faith."—Virginia Kirkus "God and My Country is a song from the heart of America which I would love to sing."—Burl Ives

Reagan's God and Country Jun 19 2020 Not since Lincoln has a sitting president addressed spiritual issues as frequently as President Ronald Reagan. Most of Reagan's biographers, however, overlook his strong religious convictions, writing about them either sparingly or disparagingly. In "Reagan's God and Country", Tom Freiling sets the record straight by giving you portions of every meaningful address Reagan gave in his public life about God, religion and morality. You'll discover how Reagan's moral compass was guided by an enduring faith in God and an optimistic faith in his fellow man. This is the first book to look at Reagan's spiritual oratory. It's the Great Communicator at his best.

For God & Country Aug 02 2021 A history of the years between the two world wars discusses the founding of the American Legion in 1919 and its contributions to patriotism, veterans and communities throughout the nation.

For God and My Country Feb 08 2022 A devout Catholic politician assassinated by a capricious dictator. A Cardinal standing up for his people in the face of political repression. A priest leading his nation's constitutional revision. The "Mother Teresa of Uganda" transforming the lives of thousands of abandoned children. Two missionaries who founded the best community radio station in Africa. A peace activist who has amplified the voices of grassroots women in the midst of a brutal civil war. Such are the powerful stories in *For God and My Country*, a book that explores how seven inspiring leaders in Uganda's largest religious community have shaped the social and political life of their country. Drawing on extensive oral research, J. J. Carney analyzes how personal faith, theological vision, and Catholic social teaching have propelled these leaders to embody Vatican II's call for the Church to be a sign of communion and unity in the world. Readers will gain rich insight into Uganda's postcolonial politics and the history of one of Africa's most important Catholic communities. Each chapter closes with leadership lessons and reflection questions, making this an ideal text for classroom and parish adoption.

Serving God and Country Oct 16 2022 In World War II, more than twelve thousand Protestant ministers, Catholic priests, and Jewish rabbis joined the Chaplain Corps. They were men of faith under fire.

And they would charge straight into Hell to save the soul of a single soldier... Representing America's three major religious traditions, volunteers from across the country enlisted as noncombatant commissioned officers to provide spiritual strength and guidance for those fighting men who never knew if they were going to survive. Armed only with Bibles, Torahs, and the tools of their holy trade, these men of God went wherever the troops went. They prayed over men about to go into combat on land, at sea, and in the air. And, most important and difficult of all, they guided fallen fighting men of every faith as they breathed their last, and gave up their lives in the fight against tyranny. These are the personal stories of some of the bravest and most selfless men who served with the armed forces. Many lost their lives or suffered debilitating wounds as they strived to keep the military personnel spiritually awake, morally fit—and prepared to make the journey from this world to the next without fear or despair, and with the trust of the Almighty in their hearts. INCLUDES PHOTOGRAPHS

For God and Country Jul 01 2021 This postsecular study on Conservative and Christian thinkers' intellectual ferment leading to England's 1944 Education Act examines how politicians and educationalists promoted Christian-civic humanism as the educational philosophy underlying the Act. It argues that Religious Education and secondary and further educational proposals were meant to go hand-in-hand to shape a national educational system that promoted an English national identity based on ideals of tradition and progress for the war-weary nation. The 1944 Act's historic Religious Education mandate, however, was overshadowed by the hopes and fears for "secondary education for all" in the postwar, class-conscious English society. The book focuses on the work and collaborations of politicians, educationalists, and intellectuals with special attention to three men: Minister of Education R. A. Butler, educationalist Fred Clarke, and sociologist Karl Mannheim. As Christian, political, and social thinkers these men worked in public—and behind the scenes—to create the landmark Education Act in order to bolster postwar England through appeals to God and country.

God's Country And the Woman Aug 22 2020

Digging for God and Country May 11 2022 A study of the beginnings of biblical archaeology examines its historical background and the cultural conditions which influenced its development

God and Man at Yale Feb 25 2021 "For God, for country, and for Yale... in that order," William F. Buckley Jr. wrote as the dedication of his monumental work—a compendium of knowledge that still resonates within the halls of the Ivy League university that tried to cover up its political and religious bias. In 1951, a twenty-five-year-old Yale graduate published his first book, which exposed the "extraordinarily irresponsible educational attitude" that prevailed at his alma mater. The book, *God and Man at Yale*, rocked the academic world and catapulted its young author, William F. Buckley Jr. into the public spotlight. Now, half a century later, read the extraordinary work that began the modern conservative movement. Buckley's harsh assessment of his alma mater divulged the reality behind the

institution's wholly secular education, even within the religion department and divinity school. Unabashed, one former Yale student details the importance of Christianity and heralds the modern conservative movement in his preeminent tell-all, *God and Man at Yale: The Superstitions of "Academic Freedom."*

Strength for Service to God and Country Sep 03 2021 This inspirational gift is ideal for military personnel, police officers, firefighters, paramedics, and anyone in service to others.

Not for God and Country Sep 15 2022 Not for God and Country is a true and definitive war story written by a decorated Marine who survived some of the harshest combat of the long, cruel Vietnam War. Learn why young Americans were sent to fight and die in a distant land because of decisions made before most of them were born. Experience the daily physical and emotional battles faced as an unlikely mix of young Marines are turned into battle-hardened brothers and heroes in the unforgiving reality of nontraditional insurgent warfare. The only friend these soldiers had was the nineteen-year-old next to them in the monsoon-soaked jungle 10,000 miles away from a forgotten home. They hated the war, and yet it became the focal point of their lives, forever changing them for better or worse. Back on American soil, they found no welcoming or appreciative country or the peace they so badly wanted. The bullets might have quit flying, but new struggles-PTSD, lingering wounds, social abandonment, and the effects of Agent Orange—took their place. *God and Country?* Apr 10 2022 God and Country brings together significant writings on Christianity and patriotism for a post-September 11th world, granting special attention to the United States. This is an exceptional collection of writings for students and universities to use as a source for guiding and informing discussion about Christianity and patriotism.

America's God and Country Nov 17 2022 An Invaluable resource highlighting america's noble heritage, profound quotes from founding fathers, presidents, statesmen, scientists, constitutions, court decisions ... for use in speeches, papers, debates, essays ...

For God and Country Feb 14 2020

The Left Hand of God Dec 14 2019 The unholy alliance of the Political Right and Religious Right threatens to destroy the America we love. It also threatens to generate a popular aversion to God and religion by identifying religious values with a pro-war, pro-business, pro-rich, anti-science, and anti-environmental stance. In the past few decades, the Republicans have achieved political dominance by forging a union with a Religious Right that provided a sanctimonious veneer to policies that help the rich get richer while ignoring the needs of the middle class and the poor, dismantling environmental and civil liberties protections, and seeking global domination. The Right champions the materialism, and ruthless selfishness promoted by the global competitive marketplace, and then laments the moral crisis when the values that people have learned all day in the world of work gets carried home into personal life and contributes to family instability and a culture of loneliness. Enter the Religious Right with nurturing communities for the faithful and a culture that blames liberals, activist

judges, and all secular people for the moral and spiritual emptiness so many Americans experience. The Left, on the other hand, remains largely tone-deaf to the spiritual needs of the American people. It is the yearning for meaning in life, not just the desire for money or power that is at the core of American politics.

For God and Country Oct 04 2021 Religion and nationalism are both powerful and important markers of individual identity, but the relationship between the two has been a source of considerable debate. Much, if not most, of the early work done in Nationalism Studies has been based, at least implicitly, on the idea that religion, as a genealogical carrier of identity, was displaced with the advent of secular modernity, which was caused by nationalism. Or, to put it another way, national identity, and its ideological manifestation nationalism, filled the void left in people's self-identification as religion retreated in the face of modernity. Since at least the late 1990s, this view has been increasingly challenged by scholars trying to account for the apparent persistence of religious identities. Perhaps even more interestingly, scholars of both religion and nationalism have noted that these two kinds of self-identification, while sometimes being tense, as the earlier models explained, are also frequently coexistent or even mutually supportive. This collection of essays explores the current thinking about the relationship between religion and nationalism from a variety of perspectives, using a number of different case studies. What all these approaches have in common is their interest in complicating our understandings of nationalism as a primarily secular phenomenon by bringing religion back into the discussion.

For God and Country Jan 19 2023 What do you believe in? James Yee believed in God and America and one of those got him thrown in jail. *The Case for Trump* May 19 2020 This New York Times bestselling Trump biography from a major American intellectual explains how a renegade businessman became one of the most successful -- and necessary -- presidents of all time. In *The Case for Trump*, award-winning historian and political commentator Victor Davis Hanson explains how a celebrity businessman with no political or military experience triumphed over sixteen well-qualified Republican rivals, a Democrat with a quarter-billion-dollar war chest, and a hostile media and Washington establishment to become president of the United States -- and an extremely successful president. Trump alone saw a political opportunity in defending the working people of America's interior whom the coastal elite of both parties had come to scorn, Hanson argues. And Trump alone had the instincts and energy to pursue this opening to victory, dismantle a corrupt old order, and bring long-overdue policy changes at home and abroad. We could not

survive a series of presidencies as volatile as Trump's. But after decades of drift, America needs the outsider Trump to do what normal politicians would not and could not do.

God Bless Our Country Jan 07 2022 Celebrate America with God Bless Our Country and teach your toddlers and preschoolers to pray for others and their country. Get ready for picnics and parades! Hannah C. Hall writes sweet and silly rhymes to show children American values and observe patriotism. Enjoy the Fourth of July and other holidays with fireworks, parades, picnics, and all the fun things families do together to honor America.

GOD AND COUNTRYUnited We Stand!Divided We Fall!

Apr 17 2020 The Bible and politics unite in a new non-fiction book which discovers that finding the answers to the Biblical mysteries leads to understanding that politics and the Bible must come together for our country of freedom to survive. Hidden within the Bible are many creatively written and cleverly placed phrases which specifically point to these times. And when these extraordinary phrases are rearranged, they clearly explain our current world and answer one of the Bible's biggest mysteries. They identify the Beast of the book of Revelation, the being commonly known as 666. And to obtain this elusive answer the Biblical phrases will take the reader on an incredible journey back to the birth of America to discover why we have our freedom and they'll make it known that the true meaning of Jesus is what binds our nation together. In *God and Country* the Biblical phrases unlock the secret to understanding how our freedom is earned, and more importantly, the Biblical phrases warn us that our country and our freedoms will not last unless we do indeed become "One Nation under God and Indivisible". All of our countrymen shall live by God's words or we will fail. And this becomes evident when the Beast is revealed. The rearranged Biblical phrases expose our nation's problems but in doing so they also reveal the secret to discovering the solutionthat politics and the Bible must become partners in a free democracy. Our country was founded upon the Bible. Our laws are based on the Bible. And unfortunately, we are currently throwing the Bible out the window. Our country has wandered away from its founding ideals as we have pushed aside, ignored and thrown out God's laws without realizing that they are here to discipline us and keep us in control. Let it be known that freedom comes with the restriction of living by faith, that freedom has responsibilities with our mutual duty to be kind and considerate to one another, and that freedom must be constrained by discipline, and that this discipline is the Bible. It's time to change America's politics, values and direction. About the Author: Joseph Bylinski lives in Long Beach, CA.
