Graves is about to find out when her past comes back to haunt her. But before she and Jack can resolve her past, they need to deal with his. Six years ago Jack was left for dead during a SWAT raid he commanded. He never speaks of what happened that day, but he doesn't have a choice after someone starts murdering his men. According to the FBI, Jack is either next on the list, or he's the one behind it all. J.J. Graves and her husband, Sheriff Jack Lawson, are sworn to protect and serve. But with a secret out in the open and the election all but lost, J.J. and Jack have to figure out how to work together while their marriage is torn apart. Because death doesn't stop for anyone. In the twelfth installment of the J.J. Graves mystery series from New York Times Bestselling Author Liliana Hart, winter has moved into Bloody Mary with a vengeance. But so has a killer who's bringing a modern flair in his imitation of Jack the Ripper. It's up to J.J. and her husband, Sheriff Jack Lawson, to hunt the hunter and bring justice to the victims. The voices of the dead become inescapable clues for lightning-struck sleuth Harper Connelly in this "winning series" (Booklist) of murder—and beyond—from #1 New York Times bestselling author Charlaine Harris... Harper Connelly heads to Doraville, North Carolina to find a missing boy—one of several teenage boys who have disappeared over the last five years. And all of them are calling for Harper. She finds them, buried in the frozen ground. All she wants is to get out of town before she's caught in the media storm—until she herself is attacked and becomes part of the investigation. Soon Harper will learn more than she cared to about the dark mysteries and long-hidden secrets of Doraville—knowledge of the dead that makes her next in line to end up in an ice-cold grave... Since its publication in 1984, *The Mysteries of Harris Burdick* has stimulated the minds of readers of all ages and backgrounds. Now the original fourteen drawings are available in a large portfolio edition of loose sheets. In addition, a newly discovered fifteenth drawing, titled *The Youngest Magician*, has been added, as well as an updated introduction by the author. The puzzles of these mysterious drawings will be even more provocative because of the larger size and the exceptional printing quality. For the first time, the drawings can be shared with groups or displayed singly. *The Mysteries of Harris Burdick* was a New York Times Best Illustrated Book of 1984. Psychic sleuth Harper Connelly travels to Memphis and ends up involved in a case of murder times three in this mystery from #1 New York Times bestselling author Charlaine Harris. At the request of anthropology professor Clyde Nunley, Harper and her stepbrother Tolliver come to Memphis, Tennessee, to demonstrate her unique talent—in an old cemetery. Nunley is skeptical, even after Harper senses—and finds—two bodies in the grave beneath her feet. One of a man centuries-dead. The other, a young girl, recently deceased, whom Harper had once tried, and failed, to locate. But Harper's new investigation into the crime yields yet another surprise: the next morning, a third body is found—in the very same grave... One of Japan's greatest classic murder mysteries, introducing their best loved detective, translated into English for the first time in the winter of 1937, the village of Okamura is abuzz with excitement over the forthcoming wedding of a son of the grand Ichiyanagi family. But amid the gossip over the approaching festivities, there is also a worrying rumour - it seems a sinister masked man has been asking questions around the village. Then, on the night of the wedding, the Ichiyanagi household are woken by a terrible scream, followed by the sound of eerie music. Death has come to Okamura, leaving no trace but a bloody samurai sword, thrust into the pristine snow outside the house. Soon, amateur detective Kosuke Kindaichi is on the scene to investigate what will become a legendary murder case, but can this scruffy sleuth solve a seemingly impossible crime? Kjell Eriksson has made a huge splash around the globe with his series set in his native Sweden. Already a star in Europe and the Nordic countries, Kjell Eriksson has American critics raving. In *Open Grave* in the Ann Lindell series, Professor Bertram von Ohler has been awarded the Nobel Prize for medicine. This news causes problems in his otherwise quiet upper-class neighborhood. Not everybody is happy with the choice of winner. Mysterious incidents start to occur. Boyish pranks say the police, but what follows is certainly not innocent amusement. Police inspector Ann Lindell becomes involved in the case and immediately is transported back into her own past. Eriksson has been nominated for the Best Swedish Crime Novel five times. *Open Grave*, the sixth book in his critically acclaimed and internationally loved series, is a chilling novel about renunciation and revenge. In the latest thriller from New York Times bestselling author Liliana Hart, Coroner J.J. Graves and Jack Lawson investigate the murder of a victim who got exactly what he deserved. But justice is blind, and they have to put their personal feelings aside to hunt a ruthless killer. Charlie's life is perfect. She has everything her heart desires. Until it all goes horribly wrong. Charlie and Lincoln return to London to find two supernaturals have been murdered, and Charlie might be next. As if that wasn't bad enough, the man who adopted her has escaped from prison, and the committee members have just learned some news that infuriates them. Now there's talk of sending Charlie away again. Far away. But the worst is yet to come. Charlie is kidnapped and forced to summon one of the murder victims - but she's unable to send him back. With an angry dead supernatural on the loose and the committee determined to get rid of her, Charlie's time with the Ministry of Curiosities, and Lincoln, is in grave danger of coming to an end. One more journey to the universe of Roberto Bolaño, an essential voice of contemporary Latin American literature *Cowboy Graves* is an unexpected treasure from the vault of a revolutionary talent. Roberto Bolaño's boundless imagination and seemingly inexhaustible gift for shaping the chaos of his reality into fiction is unmistakable in these three novellas. In "Cowboy Graves," Arturo Belano--Bolaño's alter ego--returns to Chile after the coup to fight with his comrades for socialism. "French Comedy of Horrors" takes the reader to French Guiana on the night after an eclipse where a seventeen year old answers a pay phone and finds himself recruited into the Clandestine Surrealist Group, a secret society of artists based in the sewers of Paris. And in "Fatherland," a young poet reckons with the fascist overthrow of his country, as the woman he is obsessed with disappears in the ensuing violence and a Third Reich fighter plane mysteriously writes her poetry in the sky overhead. These three fiercely original tales bear the signatures of Bolaño's extraordinary body of work, echoing the strange characters and uncanny scenes of his triumphs, while deepening our reverence for his gifts. J.J. Graves has seen a lot of dead bodies in her line of work... She's not only in the mortuary business, but she's also the coroner for King George County, Virginia. When a grisly murder is discovered in the small town of Bloody Mary, it's up to J.J. and her best friend, Detective Jack Lawson, to bring the victim justice. The murders are piling up... The residents of Bloody Mary are dropping like flies, and when a popular mystery writer shows up on J.J.'s doorstep with plans of writing his new book about the Bloody Mary Serial Killer, J.J. has to decide if he might be going above and beyond the call of duty to create the spine tinglers he's so well known for. It only clouds the issue and puts her reputation on the line when the attraction between them spirals out of control. And passions are rising... J.J. and Jack are in a race against time. They discover each victim had a shocking secret, and the very foundation of J.J.'s life is in danger of crumbling when it turns out she's harboring secrets of her own -- secrets that make her the perfect victim in a deadly game. Graves is ready to walk down the aisle and start a new life - despite the fact her father is still on the loose, blood money is stashed in her closet, and an unidentified body is missing from her parents' bunker. Tolliver wants no part of the man—but he may not have a choice in the matter. Soon, family secrets ensnare them both, as Harper finally discovers what happened to her missing sister, Cameron, so many years before. And what she finds out will change her world forever. Harper Connelly had a lucky escape when she was hit by lightning: she didn't die. But sometimes she wishes she had died, because the lightning strike left her with an unusual talent: she can find dead people - and that's not always comfortable. Everyone wants to know how she does it: it's a little like hearing a bee droning inside her head, or maybe the pop of a Geiger counter, a persistent, irregular noise that increases in strength as she gets closer. It's almost electric: a buzzing all through her body, and the fresher the corpse, the more intense the buzz. Harper and her brother Tolliver make their living from finding the dead, for desperate parents, worried friends ... and police departments who have nowhere else to look. They may not believe in her abilities, but sometimes the proof is just too much for even the most sceptical of police chiefs to deny. But it's not always easy for someone like Harper, for the dead \*want\* to be found - and too often, finding the body doesn't bring closure; it opens a whole new can of worms.
